

Kirkcaldy Reuse & Repair Guide

A guide to where you
can get things fixed,
buy second hand and
sell or donate
unwanted goods in
Kirkcaldy

WHAT?

Who?

WHERE?

Why?

HOW?

While Greener Kirkcaldy has endeavoured to ensure that the information in this guide is accurate and up to date, the authors cannot be held responsible or liable for any errors or omissions, or for any changes made to the information since this guide was produced. Greener Kirkcaldy cannot be held responsible for any services or goods offered by the companies contained in the guide, nor do we endorse specific brands or any environmental claims made by the said companies. Greener Kirkcaldy cannot be held responsible for any damage caused by following any of the suggestions contained in this guide, which are purely advisory in nature.

Introduction

Welcome to the third edition of the 'Kirkcaldy Reuse and Repair Guide', a guide to where you can get things fixed, buy second hand, sell or donate in Kirkcaldy.

In Fife, our recycling rate is approximately 51%, but the overall amount of waste we dispose of is still very high and many of the things we throw away or send to recycling centres are still useable. Something that you don't want anymore could be re-used by someone else, or could be given a new lease of life by being repaired. We can also reduce production of new items by buying second hand.

This guide is part of our Zero Waste Kirkcaldy project, working with the local community to reduce waste by reducing, reusing and repairing. We'd like to show people that reducing is easy, and can make a big difference in Kirkcaldy, as well as the rest of the world.

The guide is by no means conclusive and we hope to regularly update it. If you come across any businesses or organisations in Kirkcaldy that you feel should be included, or if you have an item not mentioned that you would like to see in this guide, please contact us:

Greener Kirkcaldy is a community-led charity and development trust working on a local scale to benefit people and our environment. We would like to see a future where everyone is able to heat their home affordably, eat well, and tread more lightly on our planet. We work towards that by delivering projects to meet the needs and aspirations of local people: tackling fuel and food poverty, protecting and enjoying the environment, and bringing the community together.

We've developed this 'Kirkcaldy Reuse and Repair Guide' to tell people where they can get things fixed, buy second hand, sell or donate unwanted goods. Reducing, reusing and repairing is not only good for the environment, it's good for our pockets too.

For more information, to get involved, and to find out about upcoming events, visit our website:

www.greenerkirkcaldy.org.uk

or call us on **01592 858458**.
