## WHAT DO I HAVE TO DO TO TAKE PART?

We want you to imagine your dream holiday and tell us about it– but remember we are looking for environmentally friendly and climate friendly holidays only. That means thinking carefully about the “greenest” place to go, the most low-carbon ways to travel there and the most eco-friendly activities to do when you are there. To help with this, we have given you some guidance and information below.

Your trip could describe something you have enjoyed doing before or it could be completely from your imagination. You are not limited by price, boring parents or even reality! We want your trip to be a fun, amazing, crazy adventure that we will enjoy finding out about. The more creative and unexpected the better - make us WOW!

**Let your imagination run wild, make us smile,  
keep it green and you could be a winner!**

## JUDGES WILL BE LOOKING FOR:

- How environmentally and climate friendly your holiday is (the most important).
- How much fun your holiday sounds.
- Unique and creative ideas.

## HOW DO I ENTER?

Complete the entry form on the following pages or **download the Word version**. You will find some useful information about eco-holidays by clicking the web links too. You can of course do your own research and come up with your own ideas.

You can share your dream green holiday in whatever way you like:
